is here with the PACIFIC™ SPA

# PACIFIC™ SPA

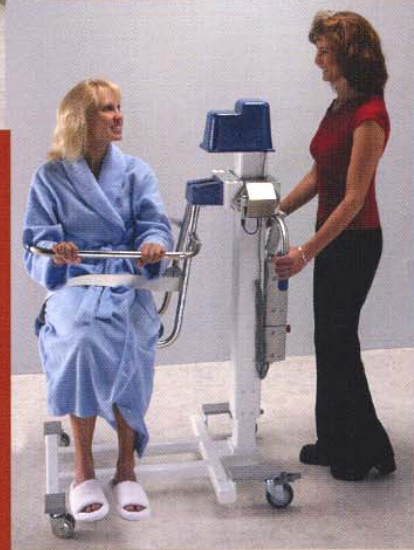

Care-giver friendly features: Height adjustable...Auto fill... No Drip faucet  
Automatic disinfection system...Shampoo & Bath Oil dispenser  
Hand held shower spray...Digital temperature display...Penner Aqua-Aire

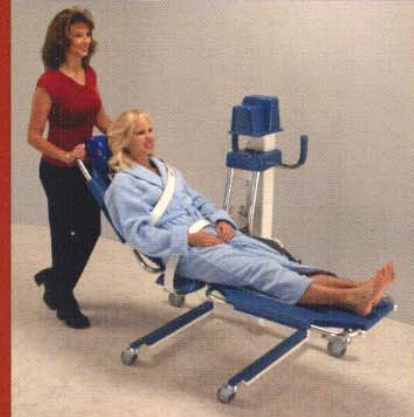

The *Pacific™* is the first Height-adjustable recumbent bathing system with *Aqua-Aire™*. Standard or Extended length models are available. The Extended model offers a wider, longer, and deeper bath to accommodate the larger resident.

The *Pacific™* chair is designed to effortlessly bathe semi-dependent residents. The unique open seat concept and swing-away detachable arms allows for residents to be transferred directly from bed to bath eliminating the need for unnecessary transfers. Weight capacity 400lbs. UL Listed and CSA Classified

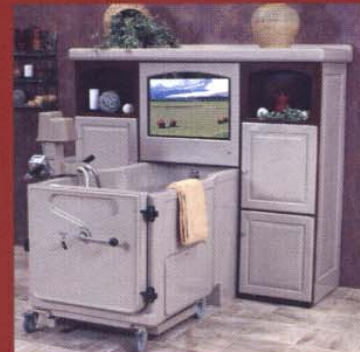

The innovative *Pacific™* Stretcher with soft mattress system and optional scale is designed to be care-giver friendly. Dependable and easy to operate, the stainless-steel frame and four position back support allows simple bed to bath transfer and gives residents the full benefit of *Aqua-Aire™* bathing. Weight capacity 400lbs. UL Listed & CSA Classified
